

"DA Foundation - United Against Violence"

Annual Report 2022

"DA Foundation - United Against Violence" (DAF) is a non-profit organization, established in 2011, based in Plovdiv, Bulgaria. Our mission is to work towards promotion, protection and empowerment of women and girls in all spheres of public and private life so that they realize their potential in a just and unbiased society. Through our guiding principle, we strive to address a number of structural inequalities which are layered in social organization and mindset, and present the building blocks of gender-based discrimination and violence.¹

The main objectives of DAF are:

- Supporting women and girls in difficult social and economic situation, victims of violence and discrimination, those in need for protection and help for their social integration.
- Promoting and protecting the Universal and European standards for human rights and taking up initiatives for bringing Bulgarian legislation in conformity with these standards;
- Working with young people to secure meaningful youth participation;
- Raising public awareness and understanding on gender-based violence and discrimination;
- Networking, mutual learning, identification and dissemination of good practices.

DAF Team: a network of 10 lawyers, 2 psychologists, 2 social workers and an accountant.

DAF Target groups: We work with women and adolescent girls victims of gender-based violence and discrimination. Among our target group there are women and girls from rural areas, who are from the minorities; victims of human trafficking and sexual exploitation, foreign and migrant women; there are Bulgarian women married or having relationships with foreigners; disabled women; elderly women; and women victims of multiple discrimination.

DAF's work:

Consultative Center: We implement specialized programs in help of victims of domestic violence and multiple discrimination. The services are free of charge and are provided by our team of qualified lawyers, psychologists and social workers in the DAF's Counseling Centre.

They include: Psycho-social counseling, Legal counseling, Job search consultancy, Special married and couple counseling service, Special program for perpetrators of domestic violence, Legal representation before national, european and international courts, Group sessions for survivors of violence, Program for children at risk.

Women's Resource Center: The center is a place where vulnerable groups of women gain access to skills-building trainings on Information and communication technology (ICT) and English
